Retention Rate, one of the highest for any LMS.

70

Net-Promoter Score, 104 points above the industry average.

What our Customers Say

★★★★★

"I love that Digital Chalk is user-friendly both for those taking training and the LMS administrators. I have used several different LMSs, and none have been as user-friendly as Digital Chalk, especially on the admin side. It is very straightforward. Also, Digital Chalk has the best customer support that I've experienced."

★★★★★

"Powerful LMS for Organizations of Any Size."

★★★★★

*"Clearly created by people who understand and are interested in *real* online learning. Everything in one place – including a home for you video-conferences and off-net meetings – demonstrating that they think of the student and not just their own software/system. Not just a "collection of videos shoved into an online folder". A proper system. Exceptional support – lovely people with whom to conduct business."*
